Dear Bill,

Submitted herewith are the original and one copy of our Proposal No. 2209 covering a literature search as recommended at a recent meeting at [] with your personnel.

It is proposed on a T&M basis. However, if a fixed price level of effort type contract would be more desirable we will be glad to discuss this with you. Although the proposed Work Statement does not include mention of restricted travel it is understood that travel from west to east coast will require concurrence of the Project Monitor from your office and Contracting Officer's approval.

Please continue to direct your questions of a contractual nature to [] and technical questions to []

We trust this meets with your approval and we look forward to hearing from you.

Sincerely,

[]
